Crushing the Despised

Cannibal Corpse

Screwdriver repeatedly lands in his face Gouges and hacks at the man of disgrace Tearing off muscles from the bones of his chest Rending his flesh with rage I've been blessed

Chopped off the tongue that told the lies
I spit on him and laugh while he dies
Lying there helpless I throw brick at your head
Starving for violence and now I've been fed

His blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back

His blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back
Chopping at his face in hate, I gouge and hack

Crushing the despised

Under my boot I hear your bones crack So many things that you want to take back I won't forget and I won't forgive Not so long as I allow you to live

Chopped off the tongue that told the lies
I spit on him and laugh while he dies
Lying there helpless I throw brick at your head
Starving for violence and now I've been fed

His blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back

His blood drips from my mouth
I bit his larynx out
Biting off fingers when he tried to push me back
Chopping at his face in hate, I gouge and hack

Crushing the despised
