

## Murderous Rampage

## Cannibal Corpse

Kill at will, a lust for death  
The attic filled with foul odors  
Rising up from the basement

Stale blood-drained bodies rotting  
Once alive, now forgotten  
Slaughtered for no fucking reason

Many to be murdered frantic  
Innocent victims silenced  
Slicing of their throats was random  
Brutal ways to die

Slayer in horrid vicious manners  
Ending lives is all that mattered  
Torturing for the pleasure

Dismembered corpses on display  
Trophies of pure evil carnage  
Putrid means to be remembered

Many to be murdered frantic  
Innocent victims silenced  
Stabbing of their hearts was random  
Brutal ways to die

Violence unimagined, lasted for days  
Perverted celebration  
Cruelty unforeseen, driven by hate  
Gruesome fascination

Violence reimagined, immoral praise  
Vile executions  
Savagery unleashed, onslaught of depravity  
Abnormal retribution

Finished with the massacre  
The thought of bloodshed still remains  
More humans must be terminated

Sharpen up the blades again  
Insanity will have no end  
The butchering will never stop

Many to be murdered frantic  
Innocent victims silenced  
Smashing of their heads was random  
Brutal ways to die

Violence unimagined, lasted for days  
Perverted celebration  
Cruelty unforeseen, driven by hate  
Gruesome fascination

Violence reimagined, immoral praise  
Vile executions  
Savagery unleashed, onslaught of depravity

Abnormal retribution
