

Remained

Cannibal Corpse

All that remains
Are those that were remained

Crush the village and plunder
Like many times before
Rape the women and slaughter all the children
Everyone is mangled and deformed
They all have lost a limb or two
With another one to follow
Decaying torn off penises
Which the men were made to chew and swallow

Subjected to these atrocities
Like many times before
The women bore bastard children
Who were mangled and deformed
Born without a limb or two
Like it fucking matters
At most they'll live for several years
Until the next raid occurs

The first time they came
All were horribly maimed
And every time after
Remained through sick laughter
Remained
Remained until they die
Die from being maimed again
Remained
Remained

The first time they came
All were horribly maimed
And every time after
Remained through sick laughter
Remained
Remained until they die
Die from being maimed again
Remained
