Staring Through the Eyes of the Dead

Cannibal Corpse

Why can't I breathe Still I see Dead on the table Try to move, I'm not able to They said I have died I still felt alive I won't believe their lies I can still see through these Eyes Help me I'm not dead Wake me from this hell Tell me I'm alive Dead Knives cutting into me Scalpels rip me Screaming into deaf ears Now they stop and see my tears Help me I'm not dead Wake me from this hell Tell me I'm alive Dead I can't stop the visions Stop the premonitions My soul can't escape The boundary of my flesh My heart does not beat My spirit does not rest [Solo - Jack] [Solo - Rob] [Solo - Jack] [Solo - Rob] They said I have died I still felt alive I won't believe their lies I can still see through these Eyes
