

Bright Lights

Cannons

These brick walls are tumbling down
Hitting me on the head
My whole world is crumbling down
I don't know how to act

I rode the wave 'til it crashed down
Maybe I should leave this sad town
I rode the wave 'til it crashed down
Nothing is holding me back now

And now these bright lights
They got me going blind
And now these bright lights
They got me losing my mind

This whole town is wearing me down
I'm hanging by a thread
Falling fast now, I hit the ground
I don't know who I am

I rode the wave 'til it crashed down
Maybe I should leave this sad town
I rode the wave 'til it crashed down
Nothing is holding me back now

And now these bright lights
They got me going blind
And now these bright lights
They got me losing my mind

And all these bright lights
They got me going blind
And these bright lights
They got me losing my mind
