Fire For You

Cannons

I was on fire for you
Where did you go?
I could have died for you
How could you not know?
I was alive with you
But you brought in the cold

Was I being lied to?
Wish I never met you
Starting to regret you

My heart just dropped
Thinkin' about you
The world just stops
When I'm without you

I was on fire for you...
I was on fire for you...

I was on fire for you
You're breakin' me down
Don't know what I should do
When you come around
I'm leaving without your love
I have no choice

I know I'm being lied to
I just need some time to
Stop thinkin' about you

My heart just dropped
Thinkin' about you
The world just stops
When I'm without you
My heart just dropped
Thinkin' about you
The world just stops
When I'm without you

I was on fire for you...
I was on fire for you...
I was on fire for you...
I was on fire for you...
I was on fire for you
