# Holding On

**Cannons**

I can feel you losing hope
You been hanging on a rope
Something tells me you're alone
Baby, just keep holding on
I can feel you losing hope
You been hanging on a rope
Something tells me you're alone
Baby, just keep holding on

Just say you need my love
Say you need my love
To keep you from falling down
Say you need my love
Say you need my love
To keep you from falling to the ground

Call me up, I'll take you home
I been waiting by the phone
Don't you know that you're not alone?
Don't you know you're not on your own?

Just say you need my love
Say you need my love
To keep you from falling down
Say you need my love
Just say you need my love
To keep you

'Cause I don't care how far
I'll run to wherever you are
'Cause I don't care how far
I'll run to wherever you are

Just say you need my love
Say you need my love
To keep you from falling down
Say you need my love
Just say you need my love
To keep you

Just say you need my love
Just say you need my love
To keep you
Just say you need my love
Just say you need my love
Just say you need my love
Just say you need my love
