Baby, when I'm with you
You're the only thing I see in the room
'Cause baby, when I'm with you
I'm no, I'm no, no longer stuck on blue

'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know)
'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know, don't even know)

Baby, something that you do
I can't help myself but wait here for you
'Cause baby, something that you do
It's got my whole world, my world
It's got my whole world shifting hue

'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know)
'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know, don't even know)

'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know)
'Cause you, you, you don't even know
What you do, do, do to me
(Don't even know, don't even know)
