

# Nevermind, Never Mine

Cannons

In the dead of the night, I see your face in my mind  
I close my eyes and I try real hard not to cry  
But you put stars in my eyes and now I'm hypnotized

But you were never mine, so never mind  
Just can't get you off of my mind  
So never mind, you were never mine  
Never mine

You vanished out of my sight, out of touch, out of time  
Go ahead, say goodbye, you and I were never right  
How many ways can we try?  
How many ways can we die?  
How many ways should we try 'til the river runs dry?

But you were never mine, so never mind  
Just can't get you off of my mind  
So never mind, you were never mine  
Never mine

But you were never mine, so never mind  
Just can't get you off of my mind

So never mind, you were never mine  
Never mine

But you were never mine, so never mind  
Just can't get you off of my mind  
So never mind, you were never mine  
Never mine

But you were never mine, so never mind  
Just can't get you off of my mind  
So never mind, you were never mine  
But you were never mine, so never mind  
Just can't get you off of my mind  
So never mind, you were never mine
