

Pretty Boy

Cannons

Ooh, ooh
Ooh, ooh
Even if my heart stops beatin'

You're the only thing I need
Ooh, with me
Even if the Earth starts shakin'
You're the only thing worth takin'
With me
Even if the sky's on fire
Got you here, it's alright
Ooh, with me
And if it's all over
I'm taking this moment
Ooh, with me

Pretty boy
Did this with me boy
Now it's all about to end
Baby girl
Look where we made it, girl
Now we're fallin'

As long as I got you
I'm gonna be alright
As long as I got you
I'm not afraid to die

'Cause even if my heart stops beatin'
You're the only thing I need
Ooh, with me
Even if the Earth starts shakin'
You're the only thing worth takin'
Ooh, with me
Even if the sky's on fire
Got you here, it's alright
Ooh, with me
And if it's all over
I'm taking this moment
Ooh, with me

Ooh, ooh, with me
Ooh, ooh, with me
