Talk Talk

My love for you
Well, it's kind of insane
I couldn't complain about it
Complain about it if I tried
'Cause it feels so nice
When your eyes are on me (Talk, talk)
Eyes are on me (Talk, talk)

But I'm sick of talk, talk, talking
Talk, talk, talking about it
You should be walk, walk, walking
Walk, walk, walking with me
I'm sick of talk, talk, talking
Talk, talk, talking about it
You should be walk, walk, walking
Walk, walk, walking with me

You said it felt so nice
Nice when I am near
I'm fighting voices in my mind
Voices tellin' lies about it
'Cause it feels so right
With your arms around me (Talk, talk)
Arms around me (Talk, talk)

But I'm sick of talk, talk, talking
Talk, talk, talking about it
You should be walk, walk, walking
Walk, walk, walking with me
I'm sick of talk, talk, talking
Talk, talk, talking about it
You should be walk, walk, walking
Walk, walk, walking with me

Are you about this?
Baby, are you about this?
Are you about this?
Baby, are you about this?
Are you about this?
Baby, are you about this?
Are you about this?
Baby, are you about this?
Are you about this?
