

Back In The Bag

CANON

Ain't no stress, we relax
Yeah, now we, now we
Poppin' all that champagne in the back
Aye, had to, had to
Had to get back right, now we back in the
Bag, bag
Bag, bag
Bag, bag
And now we back in the (bag, bag)
Bag, bag
Hold up, hold up, hold up, hold up, aye (bag, bag)
Had to get back right, now we back in the

Huh, aye, back in the four
I'm really fo' real
We really the squad
We really the ones count on it
Look at the moves, handlin'
All of the opps, handle them
Put in some wax, candlin'
[?] like Johnny
Back in the space where all of these bags
And all of this room with no lease
Get dreamt, no codeine
[?] on me
Fo' the hometeam only
Our time, get a Rollie
End game 'cause I'm open
What you hopin'?
And we comin' to the job
Like we on call
Why y'all actin' outta character
Or montage?
We pull up to yo' location
Hit that on start
Till that glory back to where we at
Just fo' the fact

Ain't no stress, we relax
Yeah, now we, now we
Poppin' all that champagne in the back
Aye, had to, had to
Had to get back right, now we back in the
Bag, bag
Bag, bag
Bag, bag
And now we back in the (bag, bag)
Bag, bag
Hold up, hold up, hold up, hold up, aye (bag, bag)
Had to get back right, now we back in the

Better relax, boy
I'm in my bag
Top missin', when I slide
I got the ham stashed
Not trippin', I'm laced up
Got 'em breakin' bad

My palms itchin'
And they say, "The only cure is cash"
I need a couple raised tenants
Couple businesses I can manage
Champagne sort of Spanish
Entertainin' on the campus
Have 'em jumpin' like a kangaroo
Spittin' bars like a fiend [?]
In my bag like a open room
When she get a taste she turn into a addict
But just relax
Uh, what? In my bag
Uh, uh, spittin' all these facts
All up in my
Uh, what?
In my bag

Ain't no stress, we relax
Yeah, now we, now we
Poppin' all that champagne in the back
Aye, had to, had to
Had to get back right, now we back in the
Bag, bag
Bag, bag
Bag, bag
And now we back in the (bag, bag)
Bag, bag
Hold up, hold up, hold up, hold up, aye (bag, bag)
Had to get back right, now we back in the
