

# Colossal

CANON

(Carvello)

Yeah, we gotta do it colossal  
I do not mess with imposters (No)  
Swerve out the way like potholes (Woah)  
I feel like Nelly Furtado (Yeah)  
Fly like a bird from Toronto (Woah)  
I make away and they follow (Yeah)  
I got the force like Kylo (Whoa)  
Uh-huh, yeah, we gotta do it colossal (We gotta do it colossal)  
Uh-huh, yeah, we gotta do it colossal  
I feel like Nelly Furtado, uh  
Fly like a bird in Toronto  
Uh-huh, yeah, we gotta do it colossal

Yeah, my homies solid like fossils and all of my bars sound like I'm Aristotle (They do)  
Yeah, my baby look like a model even when she is in all Aeropostle  
We did a milli' independent while all these labels play spin the bottle  
Yeah, I give my thanks to the Lord, I know without Him I'm nothing, I'm nada (Nada)  
They say "Dyllie, how do you make it?" I told 'em man it ain't all about talent (No)  
You gotta work every night like you Jimmy  
I'm talkin' Kimmel, I'm talkin' Fallon (Chill)  
Then when you done you gotta take a lil' Sabbath  
Don't let the internet make you an addict (Don't)  
I seen a good man turn into a savage  
They want my soul, but they know they can't have it (Eee!)  
I'm like

Uh-huh, yeah, we gotta do it colossal  
I do not mess with imposters (No)  
Swerve out the way like potholes (Woah)  
I feel like Nelly Furtado (Yeah)  
Fly like a bird from Toronto (Woah)  
I make away and they follow (Yeah)  
I got the force like Kylo (Woah)  
Uh-huh, yeah, we gotta do it colossal (We gotta do it colossal)  
Uh-huh, yeah, we gotta do it colossal  
I feel like Nelly Furtado, uh  
Fly like a bird in Toronto  
Uh-huh, yeah, we gotta do it colossal

Ha, okay, 2010 I made history  
I put the old me away for this ministry, yeah  
Then in '16 that boy signed, went on tour  
Got my foot in the door, now they feeling me yeah  
Now everything is colossal  
I went from local to hot, so  
I gotta whip up the pot fo'  
I'm a big dog you a gato (Hoo)  
I make my living with writtens  
I came up poor with poverty-stricken  
Daddy was gone, they took him for hustling  
Momma was strong, 'til this day she forgive him  
Cousins was bangin', they out on the street

And I can't even mention some things that I've seen  
I swear I need therapy, maybe that's why I'm a Christian  
'Cause only the Lord could've spared me, yeah  
I gotta do it colossal  
Cover my face when I pose like a model  
Jump in that six-four and then hit the throttle  
Skrt, skrt, then that boy gone  
Off in the studio, I feel like Pablo  
Heh, heh, whippin' that strong  
I see the crowd, I see a mosh pit  
Whew, whew, look like home, heh

Uh-huh, yeah, we gotta do it colossal (We gotta do it colossal) (Haha, yeah)  
Uh-huh, yeah, we gotta do it colossal (Yee) (Yuh)  
I feel like Nelly Furtado, uh  
Fly like a bird from Toronto (Okay)  
Uh-huh, yeah, we gotta do it colossal

Haha, yeah, okay  
Y'all agenda don't fit me, ha  
I'm Diddy tryna' get Biggie, ha  
Play with me, edit your face up on Photoshop  
How you on IG like fifty, ha  
Who said I can't get the Bentley? Ha  
Reverse that, that's the energy  
'Cause a lot of them tell me to sell our possessions  
Take money from those in they ministry, mmm  
I'm trying to do it colossal, mmm  
Some tryna do it to colonize  
Discover, they give them, they publish  
And you did the work, I ain't stealing, they color my  
Stupid, like get in a blimp for a dollar sign  
New slaves to a dotted line  
If Columbus can kill and get credit  
The holiday, what I get? Givin' them life mom  
Mmm, nothing  
Okay, I'm trying to do it colossal  
I don't mind doing the dirty work  
Vision so black, got the printer on charcoal  
They think on Twitter I'm hostile  
My Loose Canon's go straight through your poncho, phoom  
But lately, I learned to forgive all my haters, that chapter was closed  
I'm out, so

Dang, okay, I gotta do it colossal, yeah
