

Yeah

Yeah

I make it look easy

I make it look easy, I make it look easy

I make it look easy, I make it look easy

I'm good on the real, I don't even need it

Cause I make it look easy, I make it look easy

I make it look easy, I make it look easy

I make it look easy, I make it look easy

I'm good on the real, I don't even need it

Cause I make it look easy, I make it look easy

Folk wanna feature on the track, no problem: I'll do it, I'll do it

But they always wanna make me rap fast, ahh dang it: I knew it, I knew it

I'm a just do what I feel, y'all tripping: y'all cool it, y'all cool it

Until they hear me rip it like this, ah dang it: I blew it, I blew it

I just gon' run in my lane, don't get runover, my people coming, yeah

Whipping all over the kitchen we cooking up tracks for the summer, yeah

Spending all day in the studio like Derek "Who You Know" running it

I'm ready to switch up the game with the ball in our hand, we gone run with it

The music is in me the truth is hid, it's in my muscle I'm solid

Washed in the living water like I'm waxing on wax I'm Me'augie

I see they don't know what to do with canon cause he different, they probably

They thinking he tripping cause he don't need what they've been giving, I'm sorry

I make it look easy, I just study what they feed ya, take it right back to the lab, I get it then whip up the track and chop it to pieces

Wrap it up, put the label all up on it

Then push it out to the ones I know who want it

And if I'm winning then I'm bringing the homies, They catch us working late at night cause we hungry, easy

I make it look easy, I make it look easy

I make it look easy, I make it look easy

I'm good on the real, I don't even need it

Cause I make it look easy, I make it look easy

I make it look easy, I make it look easy

I make it look easy, I make it look easy

I'm good on the real, I don't even need it

Cause I make it look easy, I make it look easy

Y'all know me, I never been a low-key

But I flip it like an OZ, my fellas a run up on you like "yeah, where the work?" cause we don't sleep

We in the field with the whole team, I can kick it with the OG's

We putting youngins in the game while you sitting in the nose bleeds

Like Dre "now they mad at me cause I can finally provide my family with groceries"

You can't judge me you don't know me and I ain't looking for a hand out you don't owe me

There ain't a cup in the world that you can't pour me

I'm only down with the real cause they're holding me down to the ground like

gang, gang, gang
On the trigger watch em bang, bang, bang
You a lame, lame, lame
If you're thinking we ain't coming with the same, same, same
Nothing changed but a couple different things, things, things
Stay up out of my range, run in yours while I gun in my lane
No slave, I just want to rock a chain while I'm up in the air
Sitting with the folks who ain't trying to get attention I just want to get there
Where the youngins with a real job 9 to 5?
Where the entrepreneurs who been down to ride?
Where the self-motivators, innovators, initiating the hope in the street to keep hope alive?
"This easy"
Believe me: I make it look easy
I don't need help, I don't need it
Boy, I got tracks on tracks, songs like racks on racks, stacked on stacked
This what I do
Now watch me get it, I get it
Boy: I get it, I get it
I'm rooted deep all up in this boy I'm in it: I get it, boy, I get it

I make it look easy, I make it look easy
I make it look easy, I make it look easy
I'm good on the real, I don't even need it
Cause I make it look easy, I make it look easy

I make it look easy, I make it look easy
I make it look easy, I make it look easy
I'm good on the real, I don't even need it
Cause I make it look easy, I make it look easy
