

## Loco

CANON

Though I can do bad all by my lonely  
I miss being on the blocks with my homies  
This internet got em thinking that they know me  
Don't get it twisted this is cool but this ain't for me I'm loco  
Yeah I go crazy  
All that capping  
I'll break you down, you scared  
You don't want no smoke  
Yeah I go crazy  
Toe to toe, yeah we be laughing  
Don't get it twisted  
I'm no joke  
I ain't even scratching my prime  
I promise this just the promo  
I'm locked and loaded  
I'm tired of tryna be civil but bump it, trust it I'm loco  
Though I can do bad all by my lonely  
I miss being on blocks with my homies  
This internet got em thinking that they know me  
Don't get it twisted this is cool but this ain't for me I'm loco

Forget how they feeling  
I'm raw and authentic  
I be holding back  
And I'm tired of it really  
They see it, I live it  
I don't live for no internet  
That ain't my image  
I'm tired of defending it  
When I get loco  
They be like oh no  
Canon go off  
Not really, they don't know  
Seeing these managers tell em they so dope  
But really only half ain't even even so so  
All of that fame, all of that funny acting you can have it  
For real  
I gotta tick toc but I ain't got time  
Trapped in, no lacking  
Mama get head to hospital I'm rippin through traffic  
At the same time  
I'm getting emails to do features lot of them average  
Dang  
If I left you why would I come back  
You ain't doing no favors, bump dat  
Cracked out of my shell and dump that  
I don't een understand why that want that  
I down for my hittas La familiA  
You though it was sweet I ain't feeling ya  
They thinking I'm thinking they ain't big enough  
The issue is half ain't real enough  
Bump it!

Though I can do bad all by my lonely
