

Loud

CANON

(That's too loud)

Loud

Loud

Loud

Loud

Shhh

They keep sleeping on me they weak

Monday Tuesday Wednesday

It's everyday so I let em sleep

I ain't trippin bruh

Cause in a lil bit I'm bout to wake em up

When you hear it then you know it's us

It's all bad we bout to run amok

Somebody turn me up

We going loud!

Have you ever heard a gun go bang

So loud it'll make your ears ring

Like we blew up a whole gas tank

Loud

Like jet engines on plane

No games so take notice

Ain't no hushing us we're revolting

You can't turn it down

Can't control it

Like C4

Yes loud like explosives

Shhh they keep sleeping on me they sleep

Shhh they keep sleeping on me they sleep

Loud

They keep sleeping on me they sleep

Loud

They keep sleeping on me they sleep

Loud

Sleeping on me they sleep

Loud

Sleeping on me they sleep

Loud

Shep!

Where is the lie

Making it pop like the 4th of July

Tearing down walls no matter the size

I'm making the climb

I'm blaming the rebel inside

No waiting in line

Ready for mine

I'm ready for action I'm done with the hiding

Yeah

Ready for war with the giants

Yeah

I don't mind breaking the silence

Woah

What

Came in the game and it's more than a job

I'm making a ruckus they know that I'm gone
I'm filled with the drive
Now answer the call
What
I'm ready to tweak the moment is on
I'm ready for war the battle is won
I step in the booth and I give it to god

Shhh they keep sleeping on me they sleep
Shhh they keep sleeping on me they sleep
Loud
They keep sleeping on me they sleep
Loud
They keep sleeping on me they sleep
Loud
Sleeping on me they sleep
Loud
Sleeping on me they sleep
Loud

I'm not the one you want to call out
Ain't no point in you stopping you brought us all out
I'll bring a party and set it up at ya moms house
Turn the music louder the 808 make em brawl out
Police get brought out
Don't pull on my chain or otherwise the gang gang on em
Our gorillas go ape they gone hang on em
From Chicago, Memphis to Atlanta
The Ville, Arizona steaming
Breh crank up the speakers
I'm turbulent swerved over 3 lanes
In traffic it look like Addis's
I'm loud and egregious, originator of this loud music I'm just blessing the people
I'm banging for freedom
Ain't no liberty if god above us don't come down for his kingdom
I'm coming to sweep em
Chef curry with shot, I'm one the one they play when they need em
Don't play with the canon
I gotta barrel the size of a mini manican
Might have some brothas who pulling up higher than a pelican
We got em disturbing peace police I ain't telling nothing
If we picking a side I running with them youngings
Like poda pa pa pa I'm thugging it
50/50 my dreams I'm funding them
You ain't cut from my cloth you just tugging them

[illegible]
