Okay!

Winnin' opposition for a long time
Joy is hittin' like a gold mine
I can get through any situation
Like I'm Noah workin' with his whole mind (Yeah)
Tribulations at the wrong time
Trials comin' through the phone lines (Yeah)
Bill collectors switchin' numbers on me
So I tune my vocals like it's showtime
12 knocking at my door, what you knocking for? Yeah
Old cases from before, FTA for court, yeah
My old girl had to bail me out a whole lot
I remember, ridin' dirty with no license
Livin' reckless that December
Wasn't even on the right team, yeah
I was doin' me in my teens, yeah
Got my head right in my senior
I ain't wanna give up my free, yeah
Every problem come my way, I know it's God's doin'
Most times it's things I know is me
Can't blame it on my influences
Push-back season, trust me
God ain't promised nothin' lightweight (Nah)
College dropout, 808s and heartbreaks just like Kanye (You trippin')
Ocean's comin' up on your head, watch the tide (Watch the tide)

I just get a number one and pull up in a scooter
Call the shots 'cause beggars can't be choosers
Feel like I'm Mr. Trump, I'm gettin' large the way I eat
I teach lessons, I'm professin', so don't bother, boy, don't reach
Better quit messin' with young Simba 'fore this lion come unleashed
I ain't satisfied 'til I ate so much my mama's on some piece (Yeah)
Damon wonder where the kid been (Yeah), tell them boys that I'm back now (I'm back)
I'm David Robinson, Tim Duncan, can't handle me when I back down (Nah, nah)
I been takin' care of business
Kickin' tire until I'm finished
Got me in here and I'm fishin' (Woo)
Ride me in like I'm Dennis
Sick dreams, yeah we in it
Ayy, ayy (Ayy, ayy)
Look, I'ma keep it real
(Keep it real, y'all)
Yo, likes don't pay my bills, yeah
