

Push Thru

CANON

Yeah, okay, woke up with my list to do
Yeah, got in late so slept 'til after noon
I got songs to write, songs to produce
I'm losing time and I gotta move (Yeah)
I've been runnin' like a train (Yeah)
I try to function like a team (Yeah)
But I move like a one man band, thinkin' I'm out to succeed yeah (Yeah)
Sittin' hours in my home studio tryna make a wave they can ride
Try to make it on my own, I'm killing my craft, thinkin' I'ma still survive
Livin' stuck in my own world, I don't know how to get out of it
It's easy to lie than be honest and talk about joy but depression is crowdin'
' it
But how I made it, I ain't proud of it
Been grateful that was counterfeit (Counterfeit)
I've been gettin' more reminders, I'm tired, I'm lonely the later the hour g
ets
I know I did it to myself, way way long time ago
It's a cold game tryna paint the picture I just doubled up on the final coat
But I know someone, someone greater that I can look too
I may crumble but I got faith now watch me push through, yeah (Yeah)

Okay, push through, push through, push through, push through
Yeah, now watch me push through, push through, push through, push through
I'ma train like I'm Rocky yeah, we cannot take no losses yeah
Y'all can't let 'em stop it yeah, quittin' that ain't no option, woo
Okay, push through, push through, push through, push through
Yeah, now watch me push through, push through, push through, push through
I'ma train like I'm Rocky yeah, we cannot take no losses yeah
Y'all can't let 'em stop it yeah, quittin' that ain't no option, woo

Got the whole squad, ay what's poppin', yuh (What's poppin')
Yeah, ops come around, ain't no talkin' (Ain't no talkin')
Yeah, we just get it crackin' like we mobbin' (Yeah, yeah)
You should mimic a dummy, y'all keep going ain't no option
Hol' up, I'm like Samuel L. Jackson with the King though
Hol' up, I ain't housin' with them tongues call it Django
Yeah, I'm like Moses, I go places that they can't go
Yeah, paperclips ain't in my lingo so I can't fold
Hol' up, I'm learning I gotta give a hundred and expect from no one, that's
for certain
You can't be waitin' for a push, get stuck complainin', that ain't workin'
What I've done all my life I cannot compare to what God has done for me
I do what I gotta do, move how I gotta move so do not come for me, yeah
I just wanna be the greatest, never thought that I'd say it (Yuh)
But when I fight against the greatest (Aye), I'm just fightin' to be famous
Walk alone in my whole skin, feel it underneath that I'm the fakest
Used to tell God "Go speed it up" but I just need more paces
Can't be expectin' nobody to give me a help and a hand that I gotta gr- gott
a gr-
Can't be expectin' no, can't be expectin' no help and a hand that I gotta gr
- gotta gr-
Can't be expectin' nobody to give me a help and a hand that I gotta grab
It don't matter how long the diamonds sit in dirt 'cause you're worth every
dollar, you gotta shine
They don't believe in you, she don't believe in you, he don't believe in you
r purpose
You should never let the weight of what people say about you and your worth

is
