

# Too Much

CANON

Ooh, I'm going back nuts  
Doors stay open don't remember the last time that I seen one shut  
Everybody wanna be twin but it ain't looking good  
You ain't looking like us  
Tryna show love but I had to slow down  
Back then I was showing too much  
Now they say I'm doing too much, aye

I got the drip like I'm pouring it  
I get the paper and I let it rip  
Bro you be trippin' take more Trips  
I'm not a bartender got more tips  
You ain't the full body get more hip  
You not the big body you lil whip  
And I'm looking sharp you mite get skip  
And how y'all be faker than Kylie lips  
I had to set me some boundaries  
Cuz people be masked like its Halloween  
I bounced from circle like trampoline  
They blocking my light they sunscreen  
I brush em down like they front teeth  
From the bottom to top like a Onesie  
When God on my side why you compete  
I know I'm a win and it's concrete

Ooh, I'm going back nuts  
Doors keep opening don't remember the last time that I seen one shut  
Everybody wanna be twin but it ain't looking good  
You ain't looking like us  
Tryna show love but I had to slow down  
Back then I was showing too much  
Now they say I'm doing too much, aye

Come hop in the war zone  
When we tag teaming it's champs in the ring  
Been stunning like Steve we stone cold  
And we ain't even going full throttle, big drip, get the bottle  
Pic ready this promo  
My FPS shoot 6-0 switch, automatic  
All ready in go mode  
Load up the clip let em watch in slow mo (Canon)  
They hate if I go for the bag  
Like my soul getting sowed up in cash, but yall don't pay bills  
Kanye shrug, like Tasha K spilling tea, yall messy for real  
Yall gotta chill  
I'm next to the YB like NBA  
This time it ain't a game, hit 50k  
Laughing like dirk ain't no ducking  
With twin dang in any city or state we insane

Ooh, I'm going back nuts  
Doors stay opening don't remember the last time that I seen one shut  
Everybody wanna be twin  
But it ain't looking good  
You ain't looking like us  
Tryna show love but I had to slow down  
Back then I was showing too much

Now they say I'm doing too much, aye
