

Work

CANON

Ok, been up on my grind
You know I ain't chilling tho
You can check my eyelids, 6 am is when I doze off
I'm in my zone, and don't you wake me ever, it's all good but I need cheddar
So I gotta go

I'm working when I'm gone and I get it in when I'm home

It's full time up in this industry
Music is my girlfriend so I let my lady speak
And she talking best believe she make my cheddar cheese
Some of us gotta live up off these shows so this ain't no make believe
No sir no fairy tale
I gotta do this very well
If don't work then ain't no songs
No paper trail
It ain't bout money but I got bills
I had it up to here
I Ain't tryna roll up in the deep cuz I ain't Adele
Oh, this is how we living man
And I don't need 100 grand to stay 100 hundred man
It's a reality that I am
So I gotta work until the final end

I'm working when I'm gone and I get it in when I'm home

Now oooo
Now this is how we do it
I been in this for a long time
They been looking clueless
Cuz they done think I lost my mind
No, it ain't bout money nope
Bank roll
Every body every body out go
Working hard gotta work that job
Cause you cannot have a brother live without dough
Whether, working at a part time
Or a 9 to 5
This right here is my 9 to 5
Every show, every track
Gotta come up with the product that a make you vibe
Ay yai yai
We hustle hard
Tryna kill the track, so eat my bars
Eat my bars?
Coming with adrenaline hitting and killing instrumentals all for God
No arrogance I just can't settle wit, me not being relevant I'm
Peddling straight to my success
Higher than I ever been
I'm adamant bout making sure my messages stay adaquate
This how I'm living, cause I don't get no salary
This ministry plus industry
I works from my home, so while I'm up till 6 am
Don't you disturb when I'm in my zone cause you know I

I'm working when I'm gone and I get it in when I'm home
