

Give Up

Cansei de Ser Sexy

Stop, ok, you can press, you can push
But it always will be the same, and you've waiting so
long Anyway
How does it feel to be free again?

I wanna fall in love again
I want to feel the same old flame
You know I really want to stay
I have to go, it's just getting late

Check out the door, I'm not alright

Give up on this, don't give up on you
Give up on me, don't give up on us
Give up on me, don't give up on you
Give up on this, don't give up on us

Nights are so long, fast from the days
Drinking as a life time, wrapped inside a cage
Magnification, tasting the sensations
Body aspiration, tiny decorations

I wanna run to the milky way
How many games we have to play?
It's a new face, but it looks the same
Just send me back to Amsterdam

And if you see me crying, see me begging, see my lying
Alright now!
And if you see me drinking, see me calling in the
morning
Alright now! Alright now!

Give up on this, don't give up on you
Give up on me, don't give up on us
Give up on me, don't give up on you
Give up on this, don't give up on us

Just waking up it's weird to say
I feel I'm not still the same
Blending on the coffee
Laughing at the party
Acting like as normal
Feeling out the boredom

This time I won't make new mistakes
And you'll forget who I am
Everything changes in a day
Now how reminds it's you I crave

And if you see me crying, see me begging, see my lying
Alright now!
And if you see me drinking, see me calling in the
morning
Alright now! Alright now! Alrigh now!

Life is just too serious, it won't be mysterious

Life is just too serious, it won't be mysterious
Life is just too serious, it won't be mysterious
Life is just too short, you know what it costs

Life is just too serious, it won't be mysterious
Life is just too serious, it won't be mysterious
Life is just too serious, it won't be mysterious
Life is just too short, you know what it costs
