

Left Behind

Cansei de Ser Sexy

Baby you've got me thinking
'bout the place I left behind
A suitcase in Helsinki
Full of things I wanna set on fire (set on fire)

The real is that you been lying
And no matter how hard I try
I won't be able to forget this
'cuz this is very deep inside

What I left behind
What I left behind
Left behind
What I left behind

So im'a fly back to Helsinki
And even stay there for a while
Gonna get my things back
Gonna get some fun, gonna drink 'til I pass out

I'm gonna get on to the table,
And dance my ass off 'til I die
I'm gonna hopefully forget you
And quit those nightmares I've been having

Every night, every day
It's the same so hard to explain
A million pounds won't be enough
To make me step back at your face

That's what I left behind
Left behind
What I left behind
Left behind

Left behind
What I left behind
Left behind

Every night, everyday
It's the same so hard to explain
A million pounds wont be enough
To make me step back at your face

Baby you've got me thinking
Baby you've got me thinking
Baby you've got me thinking
About the place I left behind
A suitcase in Helsinki
Full of things I wanna set on fire

I'm gonna jump on to the table
And dance my ass off 'til I die
And I'm gonna hopefully forget you
And quit those nightmares I've been having
