Canton Jones

Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it  
Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it

Woke me up this morning (won't he do it)  
Started me on my way (won't he do it)  
It's because of grace  
That I'm finishing this race (will he, won't he, won't he do it)  
Sunshine's gonna come (won't he do it)  
Even when it seems like no fun (won't he do it)  
Everything is for a season there's a reason  
Best believe and keep on  
(Won't he, will he, will he, won't he, won't he do it)

Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it  
Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it

Chains are breaking (won't he do it)  
Sins defeated (won't he do it)  
He is gracious (won't he do it)  
He is able (won't he do it)  
Heal your body (won't he do it)  
Free your mind (won't he do it)  
Don't you worry (won't he do it)  
He's right on time (won't he do it)

Won't he do it, I knew it, I almost blew it, but he got me through it  
His love, his grace and mercy, at one time time the devil cursed me  
I was drowning up in my mess  
But the lord he came and saved me like a damsel in distress, yeah  
Now we are living and now we are giving  
Blessings up high to the ceiling  
Anointed my head with oil  
Now look at my cup it is spilling  
My sins he picked up the bill and  
He got all my enemies chilling  
He made a way I won't forget the feeling  
I'll do whatever just ask me I'm willing...

(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)

Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
(You make a way out of no way)  
Won't he, will he, will he, won't he, won't he do it  
Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it  
Won't he do it, won't he do it  
Won't he, will he, will he, won't he, won't he do it
