Cap'n Jazz

Groans grow  
Growing out a horizon groin  
Growing from the selfish joys of a quiet, ill reputed boy  
Groans roam and skip like when in Rome  
Roaming between what we build and what grows on its own  
And I can't pinpoint who's the pinner  
The bowler  
The bower  
You f\*\*king coward  
Standing behind the front  
Spine timely unspinely  
I watch you watch your watch as I ramble on  
'Bout when I was in front  
Maybe I just want to want to
