

I ain't hard to find  
They say they "lookin' for me"  
But I'm doin' just fine  
So till then I'm dead, I'm weak  
No beef, just crashing out  
We don't speak we just  
Run up another bag and  
Live life they wish they had

Baby its me, wit da Don  
Wit the limp in my walk  
I'm the don, I'm the one  
That she told you not to worry bout  
She want VVs, not a decent release  
She want me to knock ha down  
She wanna be locked down  
You got a way with ya waist  
You ain't playing fair  
I got money, you got a vibe  
We could make a pair  
I'm ready for you  
What we want, girl that's all we do

They ask, so I turn em up, thankless  
Type shit take ya heart and paint it black  
But I get money, that's my get back  
Fuck em  
I ain't really gunna give a fuck by the end of my drink  
Lets play big bank take lil bank, damn  
She said fuck me till I'm dizzy, thanks  
I told her don't start like I'm Bizzy Banks  
Ion even pull up 'less I know she getting freaky  
Wanna see all of you like 3D  
Wanna make di pussy jump like 2 3  
Wanna toss you round the room like a freezby  
Boomerang, oo she threw it right back  
Earthquake how it move like dat  
New shorty, new bag  
And if they ever ask

Baby its me, wit da Don  
Wit the limp in my walk  
I'm the don, I'm the one  
That she told you not to worry bout  
She want VVs, not a decent release  
She want me to knock ha down  
She wanna be locked down  
You got a way with ya waist  
You ain't playing fair  
I got money, you got a vibe
