

Ultimate Gift

Capella Grey

Allepac The Family

Know you Flew into the city for the Holidays
You be in out, movin' busy
Can you make time for me?

There's no celebration without you
When you're not here, it's not okay
It the bed where you lay, is how I wanna spend my day
'Cause that's the ultimate gift, oh-oh
'Cause nothin' else matters
And if you can't see it, I'll paint it for you

'Cause picture last longer than words
And you'll get all that you deserve
Don't fight the chemistry
And let's build these memories

We both in the towns for the week
And I'm tryna be in matchin' PJs
Wanna swing my way (Swing my way)
We could watch Charlie Brown on the replay
This Christmas, I want you to be mine (I want you to be mine)
Henny & Coquito for night
You a naughty girl, wanna make you nice
Hop on my sleigh, let's take a ride

One thing about me is
You're all I see this Christmas
You know exactly what I want
All I want is you for a lifetime (For a lifetime)
Just be my baby, my right vibe
Yeah, girl, just know I'm yours (I'm yours)
Fuck it girl, let it snow (Let it snow)

Know you Flew into the city for the Holidays
You be in out, movin' busy
Can you make time for me?

There's no celebration without you
When you're not here, it's not okay
It the bed where you lay, is how I wanna spend my day
'Cause that's the ultimate gift, oh-oh
'Cause nothin' else matters...
