

Yeah...

Uh...

Check it

Its time for reactions
Yeah, they got some words
But they no got actions
As soon as you hear my voice
You get the message
Hit them with the work
Hear my speech
And feel the passion
But
We'll be steady blast
When you see me
The look on your face
Is reckless
Tryna reach my ways
But we got different directions
In my circle
It's so hectic
No secrets
We speak the truth and do this rap shit
Hit em with them hits

We paint the picture
No need for caption
And they be scared cus they know we back
Know we back...
