They only gonna see I getting stronger everyday

And I don't care what they wanna do or wanna say

Shango you lock down the city and the town them

In the abundance of water me drown them

When you see the ghetto youth no try clown them

And if you see them arise no go round them

Me have the ting dem and me no fraid fi sound them

Dem will sell you fi the euro and the pound them

And you have to know your blessing and count them

And no bother worry bout my amount them da one ya name

They only gonna see I getting stronger everyday

They only gonna see I getting stronger when I pray

They only gonna see I getting stronger everyday

And I don't care what they wanna do or wanna say

My strength is so immense

They only gonna see I getting stronger everyday

And I don't care what they wanna do or wanna say

Me sow the corn and they waan be the reaper
