

All We Got Is Us

Capone-N-Noreaga

Elpee...

Ya hot with this one dog!

Show these niggas what I'm like

Show these niggas I don't like

Show these niggas what I'm like

Show these niggas I don't like

Show these niggas what I'm like

Show these niggas I don't like

Show these niggas what I'm like

Show these niggas I don't like

Show these niggas what I'm like

Show these niggas I don't like

Yo, yo, yo, yo

I'm like Rich Porter, the epitome of Alpo

AZ and Nicky Barnes, I rock sticky thumbs

I chopped it, and I cooked till my hands got numb

Shotguns malt-liquor and ones

I used to pay homage and wanted to play to be a fat cat

Someone like Castro, mad cash flow

Me and 'Pone like the best in the business

Niggas show love, hoes show interest

My gun game - got my pops to blame

I used to hop over fences and buck in the rain

And I'm not that nigga that'll fuck ya dame

I'm true to my niggas, hop out the car

Hand on my mac, cock back, ready to clap

Up in Iraq, see my niggas hustlin' crack

The same scheme from Queens when you livin' your dreams

You gotta sell things if you're looking for fiends

I got love for niggas

Niggas always snaky

I got love for hoes

Hoes always snaky

I got love for cliqua

Clique alwas snaky

All we got is us

All we got is us

I know crips, yo crips even be in Iraq

I know young bloods and niggas like O.G. Mack

I dropped out in seventh grade and I knew I'd be straight

I went O.T. and then I copped bricks for eight

I cut black bitches off for at least three weeks

I had Spanish hoes spittin nuts on the seats

I see Jesus in my kids but it's silly to me

How I see Him in them, don't see Him in me

I blanks out, my nigga knight just hit the bricks

I'm not a rapper, I sell alot of crack but spit

Niggas that I'm cool with, I only keep a nigga hot

Say I'm on some new shit, then I cock the pop

The other side of the game, doin' fifty y'all

I survived behind the wall and the feds for y'all

Similar to "Hurricane," harassed half my life
I got a right to flash my ice, crash the Vipe

When everything goes sour, I got my dog
I squeezed off went through the pound and locked my doors
I'm not scared of your guns, I got shot before
Niggas' jewels got little rocks like Arkansas
I'm the, prophet of B.I.G., but never the next
I'm the first in every verse spit shit get worse
You can hate me, or wish I'd lie in a hearse
Respect my game, who the best? Select my name
I salute niggas in jail, I'm big as Latrell
On the street, you need heat? Ask Dominican Will
My cliqua's off the meter, we come gunnin' bullets
whistle past your ear, like police in London
We the best that ever did it, the rest never lived it
Gettin' bucked at a bing-time, stressed on a visit
I'm Y2K in a flesh, the future at it's best
nevertheless I pop metal to death

Yeah! Dedicated to Rich Porter little brother,
who died in the struggle and never got recognized for it!
Dedicated to niggas like Phat Cap and Perry Mason!
You know....
You know how them niggas do! Tash and corn bread supreme!
You know, E Money-Bags, Cameron Y.!
Niggas that were gettin' money! That I was growin' up
tryin' to be like!
Ya smell me? Word up to all them gangster niggas!
All them gangster niggas, man!
All them gang bangin' niggas in L.A!
All them niggas in Little Rock, Arkansas!
Bang Bang, nigga! It's nothin'!
I see y'all niggas, I feel your struggle!
I went through it the same way!
I'm still goin' through it the same way!
I'm just a rapper now!
People think I'm legit! But I do my shit!
I still gotta hustle, I still gotta have bricks!
But you know...
Let's feed the kids, man! Yeah, let's feed the kids, man!
Let's do this shit for the kids, man!
I got a call right now (cell phone rings)!
I'm a answer my call! But I'm a just say it like this:
I do this for the gangstas, man! For the gangstas, man!
