"Gotta get the cash gotta get the doe" -Puff Daddy 'Makin' Moves With Puff'

Yo I started out in Iraq the wrong route
More chickens to doubt more money to count
Yo my Swiss account with more cheese amount
It's still piling and still gettin' calls from the island

Still do the things I do when I was wildin'
Tryin' to go from penny loafers to mink sofas
Spend a week with dime chickens asfreaks
Body so bangin' I call they tits Santy

If you don't know (if you don't know)
Knowlegde is what makes thugs grow
Just stay on point 'cause you reap what you sew

Ask chicks scream loud like car beats
I wanna be under the seats in our streets
Last year around the time this year
If I would of got locked

Yo I wouldn't even get it but now I got this rap thing (what)
No more hustlin' at age ten my team played to win
Reach under the car seat nobody understandin'
Yo the black struggle gotta hustle to hustle

And once you get muscle nobody trust you
Tryin' to be like Goldy in the Shaft days
These lasts days comin' up
Yo these little niggas comin' up

Hear they're gun talk ready to buck
Not thinkin'
Black on black crime yo it's swine you're both stinkin'
Pretty Ake yo Stan to Marley yo it's poppie officially
Arab natzi 2-5-2 we regulate this what

Said I wanna be closer to this paper (get close)
Ooooh get closer to these ends
"Gotta get the cash gotta get the doe"
Closer to this paper get closer to this paper (hella dope baby)
Get closer to these ends
"Gotta get the cash gotta get the doe"

Yo I remember when we first did it
Nobody with it
Label said 2-5 is to thugged out (to thugged out)
So although we had to but God wasn't glad to

Wait our turn to boiler now we burn
On the daily done fuckin' in every telly
We can Fly just like R.Kelly
Them only secondary to the sun

I think I gotta son but I ain't sure
What's in store God there's more
Shortie says she came by knockin' at my door
Could it be tryin' to be what I can be

Islam me 2-5 my army
Said she about to have my seed
Soon to be it shocked me
Thinkin' bout a little me

Eternally I bleed thinkin' of seed yo at high speed
I multiply with weed
Now I slow my life down I got time to breath
What
