

# Black Boy

Cappadonna

Ahh, the outdoors, the fresh outdoors  
Word up it's a beautiful day  
'Bout to go poli' right now that's my WORD  
Aiyyo  
Aiyyo call me a cab it's the Razor Sharp kid  
Dipped everyday my style is po lit'  
I'm out to the Mansion I gots to catch Ghost  
I'm headed to the club tonight we need toast  
For that wack ass MC talkin' all the shit  
I know we can't wait just to get his wig split  
It's war with the Gods this year, represent  
The bitch-ass niggaz keep tryin' to repent  
But we still lickin' off, we wild like two cent  
Park Hill Projects, say it witcha lungs  
Fuck y'all cats, we always got guns  
But just in case, we get drunk and can't drive  
We gotta fuck somethin' up, dead or alive  
Y'all comin with us, we live on the other side  
Of the chart, where your mother met Poppa Wu

Black boyyyyyee, in your virtue  
Black boyyyyyee, no more suffering  
Black boyyyyyee, shine the light for we  
Continue, black boy, black boy, black boy, black boy

After the tour I came back for more  
Comin' correctly, just like before  
Wu-Tang Forever, I was just a pirate  
In the rec room regulatin' with Osirus  
Deep thoughts, I don't take no shorts  
Minds on lease like expensive imports  
Elevate the seed, no lust or greed  
Livin' life long time may continue to breed  
Never gettin' caught up inside the agencies  
For ten long years, but I paid my fee  
Now I'm on the front line with W.T.C.  
Back me down these streets are still ill  
From Brownsville all the way down in Park Hill  
Pack with the beef cause niggaz won't chill  
Cats smoked out like chicken on the grill  
I'm takin' this shit way back to Bill Bill  
In the projects where my man got killed

Black boyyyyyee, in your virtue  
Black boyyyyyee, no more suffering  
Black boyyyyyee, shine the light for we  
Continue, black boy, black boy, black boy, black boy

Donna Camay, rockin' witch'all all night  
Used to be a little stressed now I'm gettin' it right  
Fresh kicks with the gold watch dipped in ice  
From Shaolin, it's the vainglorious man  
When the world go around these things start to happen  
Wifey in the kitchen, brother still snitchin'  
Bloods accumulatin', we gettin' impatient  
Knowledge and Wisdom, teach the understandin'  
That's how I'm plannin', blow up like a cannon

Pull my man in, hit y'all again  
Now I make sense, we do this for the rent  
Build with intelligence break your defense  
No hesitation, time gets spent  
Some fall victim, others get bent  
Some recognize, real niggaz represent  
I can't never stop til my heart is content  
Puttin' in the work til I feel confident  
Blast out darts in the Wu basement

Black boyyyyyee, in your virtue  
Black boyyyyyee, no more suffering  
Black boyyyyyee, shine the light for we  
Continue, black boy, black boy, black boy, black boy
