

Turn It Up And Down

Cappella

Loose control, don't know how
I've lost the way
Oh bay, bay baby
Give me a sign, make a change
Let us try
All right

Turn it up
Turn it up & down
Turn it up
Turn it up & down now
Giving it all I've got

Your music's my music, my music house music
Your music's my music, my music house music
Your music's my music, my music house music
Your music's my music, my music house music

Turn it up & down now, giving it all I've got
Turn it up & down now, giving it all I've got
Turn it up & down now, giving it all I've got
Turn it up & down now, giving it all I've got

Giving it all I, giving it all I, giving it all I've got
Giving it all I, giving it all I, giving it all I've got
Giving it all I, giving it all I, giving it all I've got
Giving it all I, giving it all I, giving it all I've got

We don't talk like we used to
Things have changed
Oh bay, bay baby
Empty nights pass you by
I've waited so long
All right
