

# The Angst in My Veins

Capsize

Have you ever felt like you were invisible?  
Tell me now if you've ever felt miserable  
There's never really been a clear explanation  
To live your life opposite to the world's rotation  
To feel like no one. "No one understands."  
To feel like you could die another lonely man  
I am tired of hearing that I can't  
So I've come forward with this to show you where I stand  
Have you ever felt hated? Have you ever felt jaded?  
I can't walk with all this weighing down on me  
Have you been getting high? Have you been getting wasted?  
Checking out from reality, just try to breathe

I don't see an end to my pain when I still have angst in my veins  
Everything comes crashing down on me, when everyone is looking down on me

I only ask a single thing, just a moment of your time  
I've let you show me all that is yours, now let me show you mine  
I just wanted to hear "I miss you" or "I'm happy you made it out"  
I just needed to hear "I love you" "I'm proud of what you're doing now"

I've seen the cuts on your arms, I've seen the scars on your wrists  
And I just want you to know, you are better than this  
They don't belong. You belong here
