

## Blabber 'n Smoke

Captain Beefheart & The Magic Band

All you ever do is blabber 'n smoke  
There's ah big pain in your window  
'N all your waters turn to rope  
It gonna hang you all  
Dangle you all  
Dang you all  
If you don't hurry there will be no hope  
Why don't you quit actin' like ah dope  
All you ever do is blabber 'n smoke  
It don't matter where you got your start  
Which side of your head you wear your heart  
Clean up the air  
'N treat the animals fair  
I can't help but think you treat love like ah joke  
Time's runnin' out  
'N all you ever do is blabber 'n smoke  
Blabber 'n smoke  
Blabber 'n smoke
