

# I Got Love On My Mind

Captain Beefheart & The Magic Band

I got love on my mind  
And I can't make up my mind  
Who to love, who to love  
Guess I'll have to look up above  
Look up above, look up above  
To my love

Simple song that I knew  
Simple things that I say  
Seems so right when I'm with you  
Simple walk that I walk  
Simple talk that I talk  
Seems so right when I'm with you

When we walk through the dark  
Simple things that I do  
Simple ways showin' through  
I know that it's right to walk with you

I got love on my mind  
And I can't make up my mind  
Who to love, who to love  
Guess I'll have to look up above  
Look up above, look up above  
To my love  
I got love on my mind  
And I can't make up my mind  
Who to love, who to love  
I got love on my mind  
And I can't make up my mind  
Who to love, who to love
