

Peaches

Captain Beefheart & The Magic Band

All of those peaches up in one tree
I know one of them belongs to me
I seem them peaches fallin' down by me
I know you see me standing under your tree

Long as you've got so many peaches
Why don't you throw one down to me?
If I was a cherry-red bird
I'd fly up and take you off with me

Throw me a peach out of your tree
Ain't no use in you being mean to me
Guess I'll stop hanging round your tree
If you don't send one down to me
You know I'm as hungry as a man can be
And I'm down here begging under your tree
All of those peaches up in your tree
Seem they're just out of reach to me

Long as you've got so many peaches
Why don't you throw one down to me?
If I was a cherry-red bird
I'd fly up and take you off with me

All of those peaches up in one tree
I know one of them belongs to me
I seem them peaches fallin' down by me
I know you see me standing under your tree

Long as you've got so many peaches
Why don't you throw one down to me?
If I was a cherry-red bird
I'd fly up and take you off with me

Throw me a peach outta your tree
Ain't no use in you being mean to me
All of those peaches up in one tree
I know one of them belongs to me
All of those peaches up in one tree
I know one of them belongs to me
All of those peaches up in one tree
I know one of them belongs to me
All of those peaches up in one tree
I know one of them belongs to me
