### Captain Beefheart & The Magic Band

Chills quick you  
Voices pick you  
Crows hex you  
Delightful postal avion  
Wizard kiss and all be gone  
Seems, dreams, boat to forever  
Bolted ether  
Creep thou ether feather

Sue Egypt

Boing  
Pong  
Hocus pocus avion  
I think of all those people that ride on my bones  
I think of all of those people that ride on my bones  
That nobody hears, that nobody sees, that nobody knows

Sue Egypt  
Sue Egypt

I think of all  
I think of all  
I think of all those people that ride on my bones  
That nobody sees that nobody dares that nobody hears that nobody cares  
And I think of the dust that collects on the chairs  
And under her eyes  
And to her eyes  
And out her body  
And in her body  
And in her hairs

Big smoke fingers wave  
Come here, come here  
Bring me my scissors and those odd waters

The moon was a  
Wisdomatic pristocratic vagabond  
Bad voogum  
A picture of red hot juice  
A picture of  
Red garnet juice

Chills quick you  
Voices pick you  
Crows hex you  
Delightful postome avion  
Wizard kiss & all be gone  
Seems, dreams, boats to forever  
Bolted ether creep thou ether feather
