

Twist Ah Luck

Captain Beefheart & The Magic Band

Twist ah luck that made you mine
A stitch in time, your path crossed mine
You're the reason, love's the rhyme
It's genuine

Now you're takin' up all my time
When we're apart you're on my mind
Thinkin' about you all the time
Thinkin' about you all the time

Got my heart and me beatin' overtime
Got my heart and me beatin' overtime
Thinkin' about you all the time
Thinkin' about you all the time

I'm glad I played the game I played
And I paid this heart of mine
When we met I lost the bet
And I lost this heart of mine

Twist ah luck that made you mine
A stitch in time, your path crossed mine
You're the reason, love's the rhyme
It's genuine

Thinkin' about you all the time
Thinkin' about you all the time
