

White Jam

Captain Beefheart & The Magic Band

She serves me flowers 'n' yams
'N in the night when I'm full
She brings me white jam
'N I don't know where I am
In the meadow she brings me
Like ah bee she stings me
'N I don't know where I am
Clouds clingin' to us
'N the sun lookin' through us
'N in the night when I'm full
She brings me white jam
'N I don't know where I am
