Captain Beyond

Oh, oh, fantasy
Up the stairs to the lights
Cross the stage to the mike
Searching sanity
Oh, oh, fantasy
Turning pages on rages
Trapped by the glory of imagery
My head is spinning as I dance across the floor
10,000 faceless strangers, yelling out for more

Oh, fantasy
Like a star in the night
Must I fall out of sight to fade black again
Oh, oh, fantasy
Like a moth in the flames
Time is burning my wings am I falling, my friend?
I'm always on the move, can never catch my breath
Feels like I'm flipping out, I'm moving way too fast
How can I shake it now

Yeah, yeah
Stand in queue, center stage
The crowd all staring
Eyes of rage
Can't you see that I am such a lonely man
Back and forth across the oceans
All around this massive sphere
I have seen what many said they never dared
Oh, in a fantasy
Mmm, oh, well, yeah

Standing here center stage, my feet feel frozen,
disengaged
The shadow of a man who lost his purpose
Right now I feel ten feet tall, but on the final
curtain call
I realize my life is just a circus
Oh, in a fantasy
Oh no, oh no, oh no

Ahhhh!!!
Oh, oh, fantasy
On the move, speed of light
There's no wrong, there's no right
In this life I'm leading
Oh, oh, fantasy
Like the crest of a wave
As it breaks, can I save this
torn heart that lies bleeding
Oh, oh, oh
My life's a fantasy
Oh, oh, oh
My life's a fantasy
Oh, oh, oh
My life's just a fantasy
Oh, oh, oh
My life's just a fantasy

On the move, speed of light
There's no wrong, there's no right
In this life that I'm leading
Oh, oh, oh
My life's just a fantasy
Like the crest of wave
As it breaks, can I save this
From heart that lies bleeding
Oh, oh, oh
My life's just a fantasy
On the move, speed of light
There's no wrong, there's no right
In this life that I'm leading
