

If You Please

Captain Beyond

Alright, here we go
Yeah... you can be what you want to be
Race car driver, deep sea diver
It's so easy
Yeah... you can be what you want, you see
Candle maker, census taker
If you please
It's so easy
It's so easy
You can be what you want to be
It's so easy
Yeah... you can be what you want to be
Broadway critic, paramedic
It's so easy
Yeah, yeah, yeah
You can be what you want, you see
Firefighter, freight car rider
If you please
It's so easy
It's so easy
You can be what you want to be
You can be, can't you see?
It's so easy
It's so easy
It's so easy
It's so easy

If you find you're feeling down
Knot your face less
Wipe that frown
That's not your style
With the blinking of an eye
Let's kiss those masters lips divine
It's time for you to win, yeah
It's time for you to win

Yeah... you can be what you want to be
Broadway critic, paramedic
It's so easy
Yeah... you can be what you want, you see
A politician or magician
If you please
Race car driver, deep sea diver
Yeah, you can be
Candle maker, census taker
If you please

If you please
It's so easy
If you please
