

## I Feel

Captain Jack

I feel all your good vibrations, yeah  
Deep down my soul it creeps  
I feel all your strange emotions, baby  
Give into me - into me, yeah  
Huuh, I feel

I feel time to be mine  
You feel and that is real  
My love endless, without a limit  
I feel, feel so close to you  
To that dream deep down  
In my heart I care for you  
That's what I feel

I feel all your good vibrations, yeah...

I feel, yeah  
You set my soul on fire  
And all my world seems brighter  
And now it's easier to be with you  
So hold me closer, don't you ever  
Let me go

I feel all your good vibrations, yeah...

I feel that vibe by your side so real  
All I feel is love, timeless, without a limit  
I feel, feel so close to you  
Love is all around  
In my soul I burn for you  
That's what I feel

I feel all your good vibrations, yeah...
