

Viva La Vida

Captain Jack

Ay-ay-ay-ay
Viva la vida
Five girls on the left side
And sex on the ride
We're singin' e viva la vida

Ay-ay-ay-ay
Viva la vida
Five girls on the left side
And sex on the ride
We're singin' e viva la vida

I woke up tonight
Some shimmering light
From somewhere i heard music playing
The party, the people were swaying
And what i saw made me believing

We dance through the night
The stars shining bright
Had whine and some cool margaritas
All over him - nice señoritas
The rising sun shines and we're singing

Ay-ay-ay-ay
Viva la vida
Five girls on the left side
And sex on the ride
We're singin' e viva la vida
We're singin' e viva la vida

The sand warm and fine
This boy should be mine
His loins made me feel like hot chilli
His body - his shoulders - his willy
And everything he is the biggest

He asked for a walk
He stolen my heart
Then he held me tight - made me study
The glistening sweat - on his body
This holidays rules like no other

Ay-ay-ay-ay
Viva la vida
Five girls on the left side
And sex on the ride
We're singin' e viva la vida
We're singin' e viva la vida
