

## A Nice Cup Of Tea

Captain Sensible

When I awoke this morning  
There was light all around the place  
Get to the bathroom mirror  
Can that sight really be my face?

Go downstairs, the sunshine glares  
Across the welcome mat  
Slippers on, must get along  
To where the action's at

And so the day breaks over motley cat and me  
I read the Sunday paper and have a nice cup of tea

And so into the kitchen  
Wondering what I did last night  
And open up the Corn Flakes

That they says nutra sheds delight

Rummage in the sink to find a plate  
It's almost clean  
I think this is the worst state  
That the kitchen's ever been

And so the day breaks over motley cat and me  
I read the Sunday paper and have a nice cup of tea

There's nothing wrong  
And the kettle's on  
I think I'll have a cup of tea  
And it's OK  
It's a lovely day  
A lovely day for motley cat and me
