

Cuddle Up

Captain & Tennille

The night is cold, cuddle up to me
Keep warm, mm-mm close to me
And dream good dreams of making love, to wake
To find, mm-mm, you're still mine
Your love, your love, your love
Your love for me is so warm and good to me
Growing everyday, honey, honey
I'm in love

I know a girl
Who's so in love, mm-mm-mm
The night is cold, cuddle up to me
Keep warm, mm-mm close to me
And dream good dreams of making love, to wake
To find, mm-mm, you're still mine

Your love, your love, your love
Your love for me is so warm and good to me
Growing everyday, honey, honey
I'm in love
I know a girl
Who's so in love, mm-mm-mm
