

Don't Be Scared

Captain & Tennille

Don't be scared
I'll be there
If you need me
Oh, don't be scared
Cause I care
Believe me
I've always been your friend
And if you need me once again
Here I am
Oh, don't be scared
Don't be scared

Oh, I can see
She's run from you
What's she done to you
Has she made you cry
But I can send
Those tears away
Back to yesterday
Take my hand
And don't be scared
Don't be scared

Oh, she'll come back to you
If she loves you like I do
But til then
Oh, don't be scared
Don't be scared
