

Love Me Like A Baby

Captain & Tennille

Love me like a baby
Hold me like a child
Tell me you love me
And make me smile

It's been such a hard day
I played all the games
No need to pretend now
I'm here with my friend now

Out there, it's a crazy world
I get so tired of being strong
Baby, baby me
Safe in your arms, I'm free
Where I can hide and
Leave the world outside

Love me like a baby
Hold me like a child
This day is behind us
Let love come and find us

Hold me tight
All through the night
Hold me tight
Mm-mm-mm-mm-mm
