

# Bridges

Captain Tractor

I've come to the end of the bottle  
But that hasn't stopped the flashing doubts that haunt my mind  
I'm tired as hell but i can't put my head down  
I just don't want to see what i might find  
I get off the table and trip outside  
I'm sending these thoughts to you  
But i'm not getting back any sign

And i'm gonna burn my bridges down  
'cause there's nothing to wrap my heart around  
I've gotta stop thinking you might come back now

I've coloured all over our videotapes  
But i'm finding it hard to erase the thought of you  
I thought for a minute you were right there  
But when i looked up it was just a deja vu  
There's all these things i wish you knew  
I pick up the phone right now but i'm not sure if i can go through

And i'm gonna burn my bridges down  
'cause there's nothing to wrap my heart around

I've gotta stop thinking you might come back

There's nothing left for me here now  
Come back  
There's nothing left for me here now  
Come back  
When the match is struck  
You better find solid ground  
If i can't have you i'll tear you to pieces  
Try not to drown

And i'm gonna burn my bridges down  
'cause there's nothing to wrap my heart around  
I've gotta stop thinking you might come back

But when the match is struck  
You better find solid ground  
If i can't have you i'll tear you to pieces  
Try not to drown

I'm gonna burn my bridges down  
'cause there's nothing to wrap my heart around  
I've gotta stop thinking you might come back now  
I'm gonna burn my bridges down  
I'm gonna burn my bridges down
