

Dublin Lullaby

Captain Tractor

CHORUS:

We're gonna drink and fight, and drink and fight, and drink and
fight some more
When the drinking's done grab anyone and go and fight some more
So grab your friends and neighbours and punch 'em in the eye
And raise another glass and sing the Dublin lullaby

O'Leary was a bastard
I gave his head a crack
I drank a pint of Guinness
And puked all over his back

Oh Johnus he was sickened
With Patty in the back
When Irish eyes are smiling
We'll punch 'em 'till they're black

CHORUS

O'Leary and O'Connell
Had been drinking pretty hard
Been sitting for a fortnight
With Clancy at the bar

He got so stewed that when he spewed
We swore he must've drowned
So we kicked his ass, raised a glass
And bought another round

CHORUS

Well, I went out with O'Leary
To old MacDonald's wake
We drank a lot of Stone Ale
And ate a lot of cake

O'Malley singin' "Danny Boy"
And filled my eyes with tears
So I kicked his nuts right into his guts
And had another beer
