

A Bitter Divorce

Captain, We're Sinking

Well I loved you more when you were sad
I loved you more when you were sad
I gave you all that I had
You just don't love me anymore
I gave you all that I had

When did our love start to fade?
When did you become just a roommate that I hate?
She said "It was when you gave up on me"
"And you stopped being my medicine, became my disease"
That's why I have to leave again

That's why I'm leaving
That's why I'm leaving

Now Jesus Christ I'm not what you had in mind

(That's why I'm leaving)
Jesus Christ don't cry
I made a list of everything that I despise
(That's why I'm leaving)
And I wrote your name down several times
I'm waiting for my whole world to fall apart
(That's why I'm leaving)
I'm waiting for the storm to start
Well I deserve to be happy

Well I am dead again
I am dead again
I am dead again
I am dead again

I am dead again
I am dead again
I am dead again
I am dead again
